CERTIFICATIONS

Introduction to Artificial Intelligence (AI) authorized by IBM and offered through Coursera.
Introduction to Machine Learning authorized by Duke University and offered through Coursera.
Python Data Structures authorized by University of Michigan and offered through Coursera.
Advanced React authorized by Meta and offered through Coursera.
Database Management Essentials authorized by University of Colorado System offered through Coursera.
Software Engineering through NPTEL
Problem Solving Through Programming in C through NPTEL.
Red Hat Enterprise Application Development(EX183).

PROJECTS

Online Bookstore using MERN Stack

Developed a full-stack online bookstore using the MERN stack, allowing users to add, search, and filter books by genre, author, and title. Implemented a responsive UI for seamless browsing and book management. Integrated MongoDB for efficient data storage and retrieval.

Counselling System using MERN Stack

Built a MERN-based counselling platform to facilitate student mentorship.
Implemented secure authentication and session booking.

Event Management System

Developed a web-based event management system using Spring Boot (Java) and React to facilitate student registrations for events. Implemented admin functionalities for adding and managing events, including time-based registration control. Integrated MySQL for data persistence and Spring Security for authentication.

EDUCATION

| | | |
|-------------|-------------------------------------------------------------|-------------|
| 2022 - 2026 | Pursuing Engineering at Koneru Lakshmaiah University | (GPA: 9.38) |
| 2022 | Class 12th State Board | (9.44) |
| 2020 | Class 10th CBSE Board | (8.8) |

SKILLS

Programming Languages:

C
Basics of Java
Python
SQL

Web frameworks:

React
Basics of Django
Springboot

Coding Platforms

[Leetcode](#) [HackerRank](#)
